**Job Advert - Employment Opportunities**

Comprehensive Rehabilitation Services for People with Disabilities in Uganda (CoRSU) is Uganda’s leading center providing pediatric orthopedic, plastic, and reconstructive surgery alongside comprehensive rehabilitation to support inclusion and integration.

Established in 2006, CoRSU delivers specialized care to children with disabilities, particularly from underserved communities through the CBID program. The hospital conducts an average of 3,000 surgeries annually and has supported over 70,000 surgeries, reaching more than 100,000 people with rehabilitation services. CoRSU works in partnership with government, donors, and communities to strengthen referral systems, promote inclusion, and restore mobility, dignity, and hope across Uganda.
